

NEW AT SHOP **DUAL TIER** *Choice*

Dual Tier Choice

Now employers can expand health plan choices for employees by letting them shop for plans in two adjoining Metal Tiers – **Bronze + Silver**, **Silver + Gold** or **Gold + Platinum**.

REAL OPTIONS for employers

With the new Dual Tier Choice option, employers select their contribution level and reference plan as before, but can now offer two adjoining Metal Tiers to employees instead of just one.

REAL CHOICE for employees

Employees get more choice with multiple plans from multiple carriers, all compatible with the Covered California Individual Exchange. Employees decide which plan provides the best coverage at the most affordable price.

REAL VALUE for everyone

With the opportunity to compare health plans at a variety of price points, employees get more choice and coverage more closely tailored to their needs – without additional cost to their employer.
